SUBARU

Confidence in Motion

**CROSSTREK LIMITED WITH  
OPTIONAL EYESIGHT PACKAGE**

The all-new Crosstrek is built on the Subaru Global Platform and is compact enough to handle congested metropolitan areas with ease, yet gritty enough to adventure nearly anywhere. Built in a zero-landfill facility, the Crosstrek has been engineered for maximum capability and minimal environmental impact, especially when considering the standard Partial Zero Emission Vehicle (PZEV) equipment included on every Crosstrek.

- Crosstrek now offers X-Mode on CVT-equipped models for increased capability.
- Two new colours, Sunshine Orange and Cool Grey Khaki, have been added to the lineup.
- All-new Convenience trim offers excellent value and a lower starting price.
